SEPECIAL TO THE EVENING WORLD. BRIGHTON BEACH RACE TRACE, July 17 .-There was a large crowd at Brighton Beach to-day. It was one of the largest gatherings of the meeting, and it seems to indicate that the track is increasing in popularity. Very few seats were to be had on the grand stand, and the number of the fair sex present ex. is the wind up of the grand circuit racing ceeded that of any other day at the seaside here. track this season. The programme was an attractive one, and grounds. the apeculation while not neavy, was brisk. The weather was clear and pleasant, and very few scratches were made.

Considerable disappointment was felt because Potonase was withdrawn from the third race. The field in this event was a very large one, and his owner felt that there was a chance of his being injured in such a crowd.
The first event contained a lot of maidens. These races are always interesting to the public, for they said long shots, and nine times our of ten the long-olds horse wins. How They Manage to Evade the New Bunching Rule.

A suggestion that should prove exceedingly interesting to every true lover of racing, appears in this morning's Wonge, it is a propestition to the inrice fockey clubs to organize ages, the weights and distances to be agreed (1800, by a committee to be selected from the jockey clubs of the various countries sending horses, and to let the piece of plate to be known as the American Cup and \$100,000 added money. Such a race would bring together the cracks from Eng-America. It is hard to estimate just how many people would witness a race of this kind, but 100,000 would be a small estimate. No other country has ever been able to hold its own against America in yachting, shooting, athletic or say other sport. American horses, such as F xhall, Parole and Iroquols, have been to England and deteated the best library the Britons could produce. English horses have come here, but where is there any notable victory credited to them? The race THE WOLLD suggests would be the event in the history of the turl world. There is one suggestion that THE EVENING The body of George M. Norwood, one of the Woaln will add. Let the race be arranged for victims of the naphtha launch accident at 1802 and have it run while the World's Fair Long Beach, was robbed of a watch and dia-mond pin and money. There will be visitors from all parts of the earth to witness the race, then, and H. Will non-arouse more enthusiasm. and it will add to the general interest and
